

Creative Director: Natalie Antunez

Designer: Irene Shin

Aivi & Surrasshu

Mockup Notes:

- Change the carousel to static images and have a hover effect/active effect.
 - Unless able to do the carousel but I understand it can be hard to accomplish.
- The home page is looking a bit sparse
 - Add career content to the home page
- Like the darker color aesthetic vs the lighter aesthetic
- Feel like the information and the music on the same page can feel a bit cluttered.
 - Separate the content and the music onto different pages
